Mapping tool

Only fill this in when you are certain that you can pinpoint the given location on a map. Make sure to choose the coordinate uncertainty appropriately.

- Latitude
- Longitude
- Coordinate uncertainty (metres)
- Administrative division

Country

Fill in the country if given. Or choose one, only if you are certain in which country the location is situated.

Buch M32 Tig " M32 Tig " M32 J 139 Fundort: Dover (Nordsee) England. Datum: Juli 1948.

England

4. Other data

No label?

Select if no label is present on the image:

Several specimens?

Select if more than one specimen is present on the image (usually with several labels):

Incomplete transcription?

Choose this if you did not manage to transcribe all the metadata on the labels, due to them being covered or not readable etc.

Label partially covered?

Choose if part of a label is covered by another label or by the plant and if data on the label is not completely visible.
